Social and Emotional Skills Assessment

Skills Sheet 8-12 years

| Child: | Child E | Age (years | Identified Gender: | | | |
|---|--------------------------|---------------------|--------------------|--|--|--|
| | | and months): | | | | |
| Assessor: | Mr Curtis | Date of assessment: | | | | |
| Reason for assessment: Referral to mentor | | | | | | |
| Context (sch | nool/home/other): school | | | | | |

Please shade in the scores relating to the answers given for each Skill (two questions relate to each Skill).

This assessment identifies many of the skills needed for social and emotional development and any gaps to address in approximate chronological order. Focus on addressing the earliest social and emotional skills, which will have an impact on later skills. Reassess as change is noticed on these early skills.

| | Skills | Skill no. | Score (shade in boxes) | | | | | | | |
|-------------|--|-----------|------------------------|--|--|--|--|--|--|--|
| | Maintains eye contact, watches faces. | \$1 | | | | | | | | |
