Presenting problems: <i>Whenever given the opportunity, Child G will do his best to avoid a task or leave the room. He comes up with reasons for needing to leave the room urgently and on a few occasions has just left without permission. We've tried everything we can think of in the class, but when he is out of the class he always does something that gets him excluded.</i>			
Previous interventions/threshold (what have you tried, how did it go): <i>We give Child G 1:1 support whenever we can.</i>
