## HOW ARE COURSES DELIVERED?

There are normally three ways to deliver our courses:

- **eLearning** We provide you with access to our 10-15 minute long online modules, online resources and you provide Learner support.
- **In-person** We provide you with the resources to deliver our courses in your centre or on your client's premises. Your Learners have access to online resources from us.
- **Fast-track** Your Learners access some preLearning modules, online resources and we provide you with the resources to deliver a final group learning day.

rations and small and medium businesses.

## Corporate Responsibility

For every person you train, we will provide training for a volunteer mentor. We partner with charities to provide eLearning for volunteers supporting their work . We call this Train 1 Train 2.
